The Honourable Michael Chan
Minister of Tourism and Culture
9th Floor, Hearst Block
900 Bay Street
Toronto, Ontario M7A 2E1

Dear Minister:

On behalf of the Board of Directors of the Ontario Trillium Foundation (OTF), I am pleased to submit our Annual Report for the fiscal year 2010-2011.

In this report you will find a brief summary that highlights the goals achieved by the Foundation. Also included is a list of grants made and our audited financial statements. This year we have chosen to highlight a number of grants focused on enhancing the social and economic potential of Ontario youth. We have also chosen to feature two Future Fund grants.

The Foundation is committed to building healthy and vibrant communities across Ontario through community-based initiatives that strengthen the capacity of the voluntary sector. We are grateful for the stability in government funding as it has allowed us to continue to have a breadth of impact in communities across the province.

Our volunteer Board of Directors and Grant Review Teams, supported by a dedicated and knowledgeable professional staff, continue to provide outstanding leadership. We share a collective pride in the Foundation's successes, as described in this report.

We value the effective working relationship OTF has with your ministry, and we look forward to continuing our important work together.

Sincerely,

Janet Passmore
Acting Chair of the Board

Message from the Acting Chair, Janet Passmore

It is an honour to serve as the interim Chair of the Ontario Trillium Foundation. The Foundation has provided me a special opportunity to meet many talented citizens, volunteers, staff, and community organizations. Their ingenuity, commitment and impact in our communities has been my inspiration.

On behalf of my fellow board members, Grant Review Team members and staff here at the Foundation, I wish to thank former Chair Helen Burstyn for her six years of commitment and hard work. She is an exemplary community volunteer who has an unwavering belief in the strength, value and importance of the not-for-profit sector.

In 2010-2011, OTF welcomed the opportunity to work with the Government of Ontario on an initiative very important to those in the province's not-for-profit sector: the Partnership Project.

Launched in April 2010, the Partnership Project looked at ways to renew, streamline and strengthen the relationship between the government and Ontario's not-for-profit sector. Helen Burstyn, as Foundation Chair and Dr. Eric Hoskins, Minister of Citizenship and Immigration, co-chaired this initiative. By December 2010, they had convened roundtable conversations with hundreds of sector leaders in nine Ontario communities, held discussions with private and public funders, and welcomed on-line briefs, comments and survey input from more than 450 individuals.

The Partnership Project concluded with a report to Premier Dalton McGuinty offering six recommendations. The Government of Ontario responded with the announcement of the Office of the Partnership Project, to serve as a point of contact between the sector and government on issues of common interest and concern.

The Foundation was also pleased to take on the role of administering the government's $50 million Community Capital Fund. The CCF supports investments in local infrastructure priorities, providing funding for capital projects to charities and not-for-profits that serve diverse cultural communities. Funding for 11 initial projects was announced in the spring of 2011. The remainder of the funds will be distributed during the 2011-2012 fiscal year.

The government of Ontario continues to recognize and value the work of the Ontario Trillium Foundation with $120 million in annual funding.

In 2010-2011, the Foundation invested $108,336,200 in 1,426 grants to charitable and not-for-profit organizations in our four funding sectors across the province:

- We contributed more than $46.9 million to grants in the human and social services sector;
- We supported the sports and recreation sector with more than $24.4 million in grants;
- We invigorated the arts and culture sector with more than $23.8 million in funding; and
- We dedicated more than $13.2 million to the not-for-profit environment sector.

The OTF Future Fund continues to support innovative investments that strengthen Ontario's future. In 2010, $4 million from the Future Fund program was invested in two initiatives. The first focused

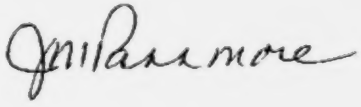
on building capacity and job skills so that individuals (and communities) can participate in Ontario's growing green economy. In 2011, we supported another four organizations that are committed to creating economic opportunities for Ontario youth.

While it is early in my role as acting chair, I have served with the Foundation for five years. During that time I have been inspired and heartened by the commitment, breadth of knowledge and insight of my fellow board members and our volunteer Grant Review Team members. Our work comes from the heart, and it is an honour to see first hand the creativity, innovation and dedication community groups have to make their towns, hamlets and cities vibrant places in which to live.

I would also like to recognize the Honourable Michael Chan, Minister of Tourism and Culture, for his unwavering support of OTF and the communities we serve across Ontario.

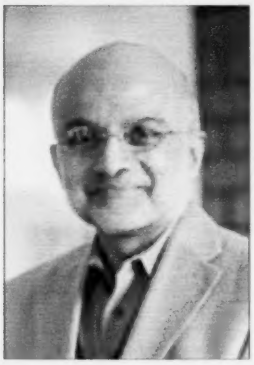
I continue to be impressed with OTF staff, led by CEO Robin Cardozo. They share a tremendous sense of commitment to the Foundation's work, and a depth of understanding of the needs, capabilities and aspirations of communities that has been built with decades of combined experience and collaboration.

I could not be more proud of the Ontario Trillium Foundation and the important work it has done for the past 29 years. I look forward to helping the organization play a leading role in building strong, healthy communities in every part of this province.



Janet Passmore
Acting Chair of the Board

Message from the Chief Executive Officer, L. Robin Cardozo



At the Ontario Trillium Foundation we are uniquely positioned to see what is happening at a macro level in the not-for-profit sector across Ontario and Canada. And, by virtue of the almost 4,500 grants we have under administration at any given time, OTF is also privy to the micro view. We talk with dozens of local community organizations each week about their initiatives, challenges and points of view.

Given these vantage points, OTF this year selected three areas of focus that we think will remain important touch points for the not-for-profit sector in the coming years:

- Nurturing innovative and successful collaboration in the sector
- Our aging population in Ontario
- Creating economic opportunities for the province's youth

These strategic directions fit well with our growing role as a convenor and catalyst for Ontario's third sector and will contribute to the vibrancy of Ontario communities. In our role as a convener for the sector, we:

- Commissioned research exploring what was new, emerging and evolving in collaborations within the not-for-profit sector in Ontario, with a view to identifying ways to enhance our role in supporting effective collaborations among grantees and funders. We hosted a symposium on collaboration that brought together expert speakers and more than 180 participants.
- Conducted original research on aging in Ontario. We also collaborated with SIG@MaRS to initiate a series on aging. We then partnered with the Ontario Senior's Secretariat and SiG@MaRS, to host a spring symposium, "Aging and the Not-for-Profit Sector in Ontario: Ready or Not?"
- Asked the question: If the OTF Future Fund were to focus on initiatives that help create economic opportunities for Ontario youth, what were some areas to focus on? What issues and challenges are there in the youth sector? We consulted youth leaders and representatives of youth-led organizations. Their insights informed our calls for proposals for the $2 million Future Fund grant recipients announced in March 2011, part of the total $4 million in Future Fund disbursements made during fiscal 2010-201.

2010- 2011 was a busy and productive year for the Foundation. In our continuing effort to share research and information with community organizations, OTF published three community research reports:

- Aboriginal Communities In Profile uses the most recent census information to create five profiles of Aboriginal communities: one for the province overall, and one for each of four OTF regions that, for reasons of size, growth, proportion, or other distinct features, invited deeper analysis.
- We compiled six profiles of the Francophone community in Ontario. This included one for Ontario overall (produced jointly with the Office of Francophone Affairs) and one for each of five OTF regions that have a large or growing French-speaking population.

- Diversity in Ontario: A Community in Profile highlights the trends and differences for immigrants — both established and recent — as well as people who identify as visible minorities. We also issued a diversity report specifically for Toronto.

We launched a very successful initiative to encourage youthful and diverse volunteers to apply to the province's Public Appointments Secretariat to serve on one of 16 OTF Grant Review Teams. We look forward to having their expertise, energy, sector knowledge and community experiences around our grant review tables.

We continue to improve customer service. Our transformation to a paperless grant application process is fully operational. Today 99% of organizations apply online, and our volunteers review grant applications online as a more time-efficient, cost effective and environmentally sustainable way of working.

I would like to express my gratitude to the Foundation's volunteer Board of Directors and Grant Review Team members for their dedication and commitment. I extend a personal thank you for Helen Burstyn who this year stepped down after six years of gifted leadership as OTF Chair.

It has truly been an honour to work with Helen. She has been our biggest promoter, and our biggest supporter. She was very generous with her time and spirit, and the Foundation has benefited greatly from her vision and insights.

My gratitude also extends to our staff, as they continue to turn challenges into opportunities and successes with the utmost professionalism.

The year ahead promises renewed opportunities: A relocation for our Toronto main office, the administration of the final portion of Government of Ontario's $50 million Community Capital Fund, and further development of our three areas of focus as we continue our work of building healthy and vibrant communities across this wonderful province.

L. Robin Cardozo
Chief Executive Officer

Accountability, Impact and Organizational Effectiveness

Ontario Trillium Foundation Review of 2010-2011 Achievements

The Ontario Trillium Foundation Business Plan for the year covered three major performance goals, each with supporting objectives. The following summarizes the organization's achievements relative to those goals and objectives.

Goal 1 | Make investments to build healthy and vibrant communities and strengthen the capacity of the voluntary sector

Objective 1 | Make Grants to Achieve Priorities

Achievements:

- Allocated 100% of the year's granting budget, by granting program and by catchment area, subject to modest variations.
- Achieved granting targets within sector allocation ranges by granting 22% of funds in the arts and culture sector, 12% in the environment sector, 43% in the human and social services sector and 23% in the sports and recreation sector.
- Generally met granting targets in the four granting priority areas.
- Granted $4 million through two Future Fund initiatives: Building Skills for the Green Economy and Economic Opportunities for Ontario Youth.
- On behalf of the Ontario government, launched the new $50 million Community Capital Fund and granted $3.5 million in the first granting round.

Objective 2 | Enhance the Impact of OTF Grants

Achievements:

- Initiated a review of the Foundation's granting priorities, and consulted with various stakeholders.
- Continued work on advancing the Foundation's understanding of the indicators of healthy and vibrant communities.
- Continued the high engagement approach to evaluating and monitoring Future Fund grants, in order to enhance their impact and learn from their results.
- Ongoing work with a group of funders on increasing knowledge and skills in the area of evaluation for not-for-profit organizations.
- In a funding partnership with the Ministry of Citizenship and Immigration, made grants to improve the capacity of Ontario's voluntary organizations, with particular emphasis on small and mid-sized groups outside urban centres.
- For every $10 granted over the past three years, grant recipients reported they leveraged an average of an additional $19.30 in volunteer time, in-kind contributions, and direct funding from other sources.

Objective 3 | Strengthen the Foundation's Role as a Leader and Convenor

Achievements:

- Continued implementation of the Foundation's knowledge management strategy and convening plan, in order to share OTF's learnings as a grantmaker and help voluntary sector organizations share information.
- Held a symposium on Collaboration in the Not-for-Profit Sector in June 2010 and developed plans for a second symposium, on Aging and the Not-for-Profit Sector, to be held in April 2011, in collaboration with MaRS and the Ontario Seniors Secretariat.
- Following the symposium on collaboration, published a report entitled Strengthening Collaboration in Ontario's Not-for-Profit Sector.
- Collaborated with the Ministry of Citizenship and Immigration on the Partnership Project, intended to find ways to strengthen the Government's partnership with the not-for-profit sector, and continue to work with the Ministry on implementation of the recommendations.
- Provided support to, and participated in, numerous c erences and other events, including the Conference Board of Canada, the CivicAction Toronto Summit, and the Imagine Canada Provincial Forum.
- In collaboration with Statistics Canada, published a number of statistical community profile reports based on 2006 Census data: on Ontario's Aboriginal community, on the Francophone community in four different catchment areas, and on immigrant and visible minority communities in Ontario overall, as well as in four catchment areas.

Objective 4 | Enhance the Equity and Accessibility of OTF Funding

Achievements:

- Carried out targeted outreach to encourage grant applications from under-serviced and under-privileged populations, including Aboriginal, Francophone, ethnocultural and racial minority, northern, and rural groups, and groups in urban priority neighbourhoods.
- Outreach to Aboriginal communities incorporated emphasis on applicants who have not approached OTF in the past, while Francophone outreach increased focus on newcomer Francophone organizations.
- Granting to Francophone and First Nations, Métis, and Aboriginal communities continued to be significantly higher than historic levels, although down slightly from the previous year, while funding to benefit ethnocultural and racial minority communities was up over the previous year, in the range of 17-25%, versus historic levels in the 12-23% range.
- Ongoing work with a group of funders on reducing the administrative burden for applicants and grantee organizations.
- Finalized a framework for granting related to emergency situations and time-sensitive strategic opportunities.

Goal 2 | Implement the results of the Board's 2009/10 strategic review

Achievements:

- Continued the Foundation's increased emphasis on knowledge sharing and convening activities, and other activities that add value beyond grantmaking.
- Introduced three strategic granting themes – the Aging of Ontarians, Economic Opportunities for Young People, and Collaboration in the Not-for-Profit Sector – with a multi-year plan for research and granting activities in each area.

Goal 3 | Enhance Organizational Effectiveness

Achievements:

To help ensure a continuing high level of effectiveness, in governance, business, communications, and granting practices, in 2010/11 the Foundation:

- Completed implementation of the Business Process Transformation project, which provides an online application process for organizations throughout the province. More than 90% of applications are now submitted electronically.
- Carried out the annual grantee compliance audit – which complements the Foundation's monitoring of every grant – and implemented recommendations from previous internal audit reports.
- Maintained a high ranking as a cost-effective foundation.
- Continued to enhance and build profile of the Foundation's position as a leading grantmaker in the province through media, recognition, and knowledge sharing activities:
    - Ongoing improvements to OTF News have resulted in recognition for the online newsletter by the internationally-based Council on Foundations.
    - Established ethnic media relationships were effectively leveraged to successfully support the launch and ongoing awareness requirements of the Community Capital Fund, a new grant program of the provincial government.
    - 770 recognition events held across the province that involved a wide range of stakeholders.
    - Media coverage of all activities garnered more than 3,400 media stories across the province. The vast majority were overwhelmingly positive on the efforts of the Foundation in support of community programs and activities.
    - The Foundation has also successfully integrated various social media tools into its communications activities and will continue to place a greater focus on social media opportunities as appropriate.
- Negotiated a lease termination agreement with the Foundation's landlord and signed a lease for new premises. Began planning for leasehold improvements and a move in late June 2011.
- Reallocated existing resources for second half of the year in order to respond to the significant resource requirements of an audit of the Foundation by the Provincial Auditor General.

The Ontario Trillium Foundation, one of Canada's leading grantmaking foundations, is an agency of the Government of Ontario.

Our vision

The Ontario Trillium Foundation is a catalyst that enables Ontarians to work together to enhance the quality of life in their communities. We believe that communities across Ontario are rich in talent, creativity and drive, and our grants stimulate communities to build on these assets.

Our mission

Building healthy and vibrant communities throughout Ontario by strengthening the capacity of the voluntary sector, through investments in community-based initiatives.

Our core values and operating principles

The following core values and operating principles guide the Ontario Trillium Foundation and shape its organizational culture. Our volunteers and staff are dedicated to reflecting these values in their actions and relationships.

Accountability and transparency

We appreciate the trust placed in us by the Government of Ontario, and safeguard the public funds we receive through rigorous accountability controls. Our communications programs and operational processes ensure that our guidelines and grant decisions are accessible and transparent to the public.

Excellence

Because we believe passionately that our work enhances the quality of life for people across Ontario, we aim to achieve the highest professional standards of excellence.

Volunteer and staff leadership

Our leadership depends on skilled staff working in productive partnership with knowledgeable volunteers who understand the needs of local communities in their region. Our staff and volunteer human resources practices foster this creative synergy.

Inclusiveness and innovation

Our policies and programs acknowledge that the people of Ontario are diverse and dynamic and that community needs differ across the province. We support creative initiatives that respond to the real needs of Ontario's varied and evolving communities.

Integrity and respect

Our grant decision-making processes, business practices and communications strategies are governed by the principles of honesty, integrity and fairness. We treat all stakeholders respectfully, including volunteers, staff, grant applicants and members of the public.

Efficiency and impact

We are determined to ensure that public funds are well invested and that our grantmaking and grant-monitoring processes are cost efficient. We consistently measure and evaluate results based on grant outcomes.

Our Granting Priorities

The Foundation will support the building of healthy and vibrant communities through community-based initiatives that strengthen the capacity of organizations in the arts and culture, environment, human and social services and sports and recreation sectors.

In particular, the Foundation will place priority on supporting organizations that work in the following areas to help Ontarians achieve their potential.

Enhanced success for students and learners

A healthy and vibrant community depends on the skills and knowledge of its members.

Whether knowledge and skills are developed in the early years when children start school or much later in life, it is key that people of all ages and abilities are ready to learn. This is why the Ontario Trillium Foundation will place priority on initiatives that:

- Provide community-based learning opportunities and create conditions for achievement for people of all ages and abilities; and
- Help prepare children and youth for success.

This includes, but is not limited to, broadening learning experiences for children and youth; helping children and youth remain and achieve in school; preparing young children to learn; providing opportunities for children and youth to experience positive personal growth; and improving adult literacy through resources and activities.

Healthier and more physically active Ontarians

Encouraging Ontarians to lead healthier lifestyles, as well as improving other determinants of health, such as air and water quality, and providing opportunities for people to enhance their health and well-being will lead to healthier and more physically active Ontarians. To this end, the Ontario Trillium Foundation will place priority on initiatives that:

- Promote physical activity for people of all ages and abilities;
- Promote recreational activities for people of all ages and abilities;
- Enhance and help protect human and ecosystem health;
- Create conditions for people to reach their full health and well-being potential; and
- Promote cultural and artistic activities for people of all ages and abilities.

This includes, but is not limited to, promoting and increasing physical activity; increasing or sustaining recreational and leisure opportunities; helping communities take responsibility to protect the natural environment; supporting systems that sustain health and well-being; sustaining a healthy arts community; and celebrating and preserving heritage.

Enhanced employment and economic potential for workers and their families

The Ontario Trillium Foundation supports initiatives that are innovative and that stimulate economic growth. To this end, OTF will place priority on proposals that support organizations to build skills, create jobs and enhance economic potential for individuals and communities through initiatives that:

- Provide skill development or employment opportunities;
- Sustain and promote a greener economy and community;
- Strengthen the economic health of a community; and
- Help further a community's long-term vision and growth.

This includes, but is not limited to, increasing opportunities for employment for those experiencing barriers including Aboriginal people, newcomers, people with disabilities and youth who are at risk; strengthening organizations and supporting initiatives that promote a sustainable environment; sustaining the economic viability of the community and encouraging community planning processes.

More effective volunteers and more people engaged in their communities

Volunteers are the foundation of healthy and caring communities that are safe, clean, secure and vibrant. Providing people with opportunities to actively participate in activities or programs offered within their community also contributes to this. We support initiatives that:

- Create conditions to increase community engagement of people of all ages, abilities and cultures;
- Strengthen volunteerism among people of all ages, abilities and cultures; and
- Strengthen the voluntary sector.

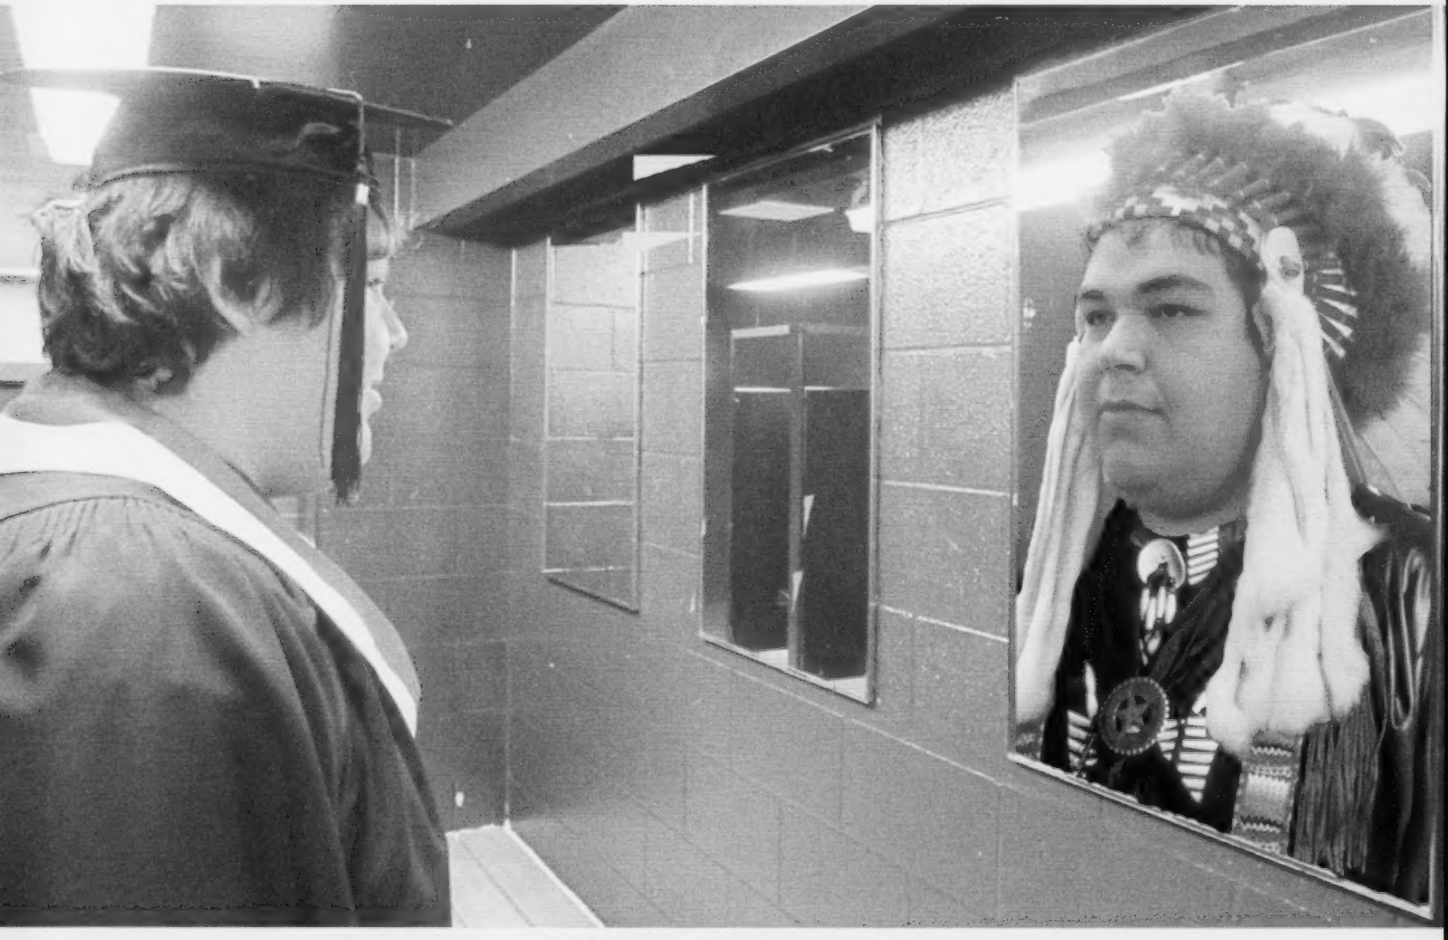
This includes, but is not limited to, building community connections and awareness; promoting and increasing volunteerism, particularly among young people; enhancing the capacity of the volunteer sector and fostering strategic thinking and innovation; and building the capacity of charitable and not-for-profit organizations.

OTF Grants Foster Innovative Economic Development

Providing economic opportunities for Ontario youth is a strategic focus for the Ontario Trillium Foundation.

To enhance Ontarians' ability to build healthy and vibrant communities, it is important that youth of all abilities and backgrounds have the opportunity to participate fully in the province's rapidly-evolving economy.

The following grants reflect the diversity of the Foundation's granting and the significant initiatives that are making communities stronger across the province.



Reflection, *created by Alphonse (AJ) Waboose, a student at Niimiki Migizi Secondary School of Ginoogaming First Nation, is part of* ***See Us, Hear Us****, a multimedia project organized by the Dilico Children's Foundation and funded by OTF.*

Province-Wide

Mamow Sha-way-gi-kay-win / North South Partnership

Mamow Sha-way-gi-kay-win, the North-South Partnership for Children (NSP), is a unique collaboration of First Nation Chiefs, Elders and youth living in 30 remote communities in northwestern Ontario and individuals and organizations located in southern Ontario. The partnership is dedicated to creating innovative solutions to the living conditions and life circumstances in these First Nations.

The Foundation's grant of $244,000 over two years is helping First Nations youth to develop four ideas into viable projects of community change. Leveraging an opportunity created by the Ashoka Changemakers Competition for Young Aboriginal People, NSP, together with The Small Change Fund, is educating young people about non-for profit sector organizing and funding, how to turn good ideas into proposals, and to work with the not-for-profit sector.

Province-Wide

Société d'aide au développement des collectivités North Claybelt Community Futures Development Corporation (CFDC)

The Foundation is providing $390,500 over two years to expand a youth entrepreneurship program in 13 communities in Northeastern Ontario. This innovative program engages local business organizations, schools and regional Community Future Development Corporations to support more than 10,000 youth aged eight to 24. The initiative introduces the concept of entrepreneurship to children at an early age then continues to foster entrepreneurial skills throughout adolescence and early adulthood. Examples of activities include entrepreneurship camps, a 'business plan challenge' for high school students, financial literacy workshops, and a comprehensive youth entrepreneurship training program for older youth.

Champlain

Coopérative Enseignants Pas À Pas Incorporée

Projet DEBOUT is a mentoring and leadership initiative in Ottawa that fosters academic achievement and positive life choices among Francophone youth of various ethno-cultural backgrounds. Through one-on-one weekly tutoring and mentoring as well as participation in a summer leadership camp, youth both improve their academic achievement and pursue personal goals.

The Foundation is supporting the program with $59,500 over three years to hire a part time coordinator to organize the leadership camp, liaise with schools and parents and match youth with the qualified teachers volunteering their time to tutor.

Simcoe-York

Human Endeavour Inc.

Small businesses are major contributors to the economy, and in York Region, 85% of businesses have fewer than 10 employees. Human Endeavour Inc. is establishing a small business incubator so that York residents who may face barriers to mainstream employment due to language, unrecognized credentials or other factors, can move to self-employment.

The Foundation provided $150,000 over two years to boost economic opportunities for people from marginalized communities. The Enterprise Promotion & Investment Centre (Epic) is serving newcomers, those who are un- or under-employed, at-risk young adults and low-income families by providing training, mentoring and infrastructure support for new service-based businesses.

While self-employment centres focus on individuals working alone, and traditional settlement services promote finding a job with existing employers, EPIC works with small groups of people in informal business cooperatives, so they can share skill sets and offer mutual support.

Toronto

Vision Africana 2000

Newcomers are an invaluable resource for Ontario in terms of innovation, leveraging new markets and carving a global competitive edge. In Toronto, Francophone immigrants are an underserved and emerging community.

The Foundation is providing Vision Africana 2000 with $68,000 over two years to deliver an entrepreneurship and mentorship initiative to Francophone young people aged 16 to 28 in Toronto from diverse communities. Established entrepreneurs will have the opportunity to volunteer and share expertise.

Grey, Bruce, Huron, Perth

Bruce Peninsula Biosphere Association

Ontario Trillium Foundation is providing $35,900 over one year to pilot a youth-led Dark Skies light conservation project in Tobermory. Designed to increase citizen awareness and reduce light pollution in the Bruce Peninsula region, the demonstration project was aimed at businesses, farmers and others.

Youth workers developed public awareness materials, conducted community outreach for a light audit, and recruited and trained community volunteers, including other youth, to encourage residents to apply dark sky lighting practices in their homes or businesses.

Toronto

East Metro Youth Services

Today's culture of video-saturated, instant and constant communications is changing how we see the world and ourselves. East Metro Youth Services is engaging youth to tell their own stories, and possibly discover a career path in the process.

The organization provides Scarborough youth with experience in four streams of journalism: video, radio, photography, and writing/print. Participants gain experience in creating a web-based multi-media portal, writing articles and blogs, produce the magazine "Say Word", and work on other multi-media projects.

The Foundation is supporting the initiative with $242,400 over three years. The project builds partnerships with local colleges and media outlets and features an intensive journalism summer camp at Centennial College. Youth have the opportunity to tell their own stories and those of their communities while gaining experience for future employment or further education.

Future Fund focuses on new approaches, new opportunities

The Ontario Trillium Foundation's Future Fund is a $4 million a year initiative designed to enhance the future of Ontario's communities.

In 2010-2011 the Future Fund focused $2 million in support for economic opportunities for youth, funding projects that help young people navigate and shape their economic future. Another $2 million was set aside to support the continued investment in Ontario's green economy.

The following grants represent two of the innovative initiatives that received funding this fiscal year:

Creating Innovative Economic opportunities

Town of Ingersoll

The Fusion Youth Activity and Technology Centre of the Town of Ingersoll is collaborating with Community Employment Services to ensure local youth have the opportunity to attain meaningful employment and transferable skills.

A broad range of partners, including school boards, employment training providers, local service clubs and community organizations, support the initiative.

With the Foundation's support of $606,300 over four years, youth in Oxford County are gaining entrepreneurial skills development through intensive training, hands-on operation of existing social enterprises operated at the youth centre, and mentorship in a focus area of choice, such a business incubation, job training and business mentoring and networking.

Building skills for the Green Economy

Social Housing Services Corporation

This program provides youth with hands-on job training to retrofit social housing in urban communities. This collaborative initiative involves the Social Housing Services Corporation, Housing Services Inc. and the Ontario Association of Youth Employment Centres.

OTF is providing $521,000 over three years. Through training, the program will prepare 120 hard-to-employ youth to be job-ready for employers that are involved in the greening and retrofitting of social housing in communities with high unemployment, including Toronto, Kingston and London.

Granting Activities 2010-2011

Grants Approved - All Programs	Amounts Approved	No. of Grants
Community Grants	$83,481,500	1,288
Province-Wide	$20,854,700	130
Future Fund	$4,000,000	8
Total Grants Approved	$108,336,200	1,426

OTF Overall Grants by Priority - From April 1, 2010 to March 31, 2011

Target Range	
Success for Learners	10-20%
Healthier Ontarians	40-50%
Enhanced Economic Potential	10-20%
Volunteer Engagement	30-40%

Report on Financial Performance
Ontario Trillium Foundation, March 31, 2011

- In 2010-2011, the Ontario Trillium Foundation received $124.2 million from the Ministry of Tourism and Culture and $100,000 from the Ministry of Citizenship and Immigration. ($122.5 million is recorded in the Statement of Operations; the remaining $1.7 million is recorded in deferred contributions, for spending in the following year.) Other revenue sources include investment income ($1.4 million) and funds made available as a result of rescinded grants ($1.5 million).

- Of this funding, $108.3 million was pledged for the Foundation's core grants programs (Community, Province-Wide, and Future Fund) and $3.5 million for Community Capital Fund grants. Grantmaking expenses, services to the community, support services, and amortization together amounted to $13.5 million.

- At March 31, 2011, the Foundation held approximately $124.8 million in investments, in fixed income securities (short-term treasury bills, bankers' acceptances, and government bonds). Most of these funds ($117.3 million) are committed to multi-year grant pledges. The Foundation's investments are managed by the Ontario Financing Authority.

- Funds may be recovered, or future payments rescinded, in cases where circumstances (e.g. planned activities, budgets) change or where grant conditions or performance objectives are not met.

- Accumulated net assets at year-end totaled almost $2.6 million, of which approximately $600,000 was invested in capital assets and $2.0 million represented unrestricted assets.

- Volunteers make a significant contribution to the operations of the Foundation. Given the difficulty of estimating monetary value, these contributions are not reflected in the financial statements.

INDEPENDENT AUDITORS' REPORT

To the Board of Directors of Ontario Trillium Foundation

Report on the Financial Statements

We have audited the accompanying financial statements of Ontario Trillium Foundation, which comprise the statement of financial position as at March 31, 2011, the statements of operations, changes in net assets and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian generally accepted accounting principles, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

KPMG LLP is a Canadian limited liability partnership and a member firm of the KPMG network of independent member firms affiliated with KPMG International Cooperative ("KPMG International"), a Swiss entity.
KPMG Canada provides services to KPMG LLP.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of Ontario Trillium Foundation as at March 31, 2011, and its results of operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.

Report on Other Legal and Regulatory Requirements

As required by the Canada Corporations Act, we report that, in our opinion, the accounting policies applied by in preparing and presenting the financial statements in accordance with Canadian generally accepted accounting principles have been applied on a basis consistent with that of the preceding year.

ONTARIO TRILLIUM FOUNDATION

Notes to Financial Statements

Year ended March 31, 2011

Ontario Trillium Foundation (the "Foundation" or "OTF"), an agency of the Ministry of Tourism and Culture (the "Ministry"), is financially supported by the Ontario government. OTF began operations as an arm's-length agency of the Ontario government on August 23, 1982 and was incorporated without share capital under the laws of Ontario under letters patent dated November 17, 1982. OTF's purpose is to build healthy and vibrant communities throughout Ontario, by strengthening the capacity of the voluntary sector through investments in community-based initiatives.

Government funding is subject to Memoranda of Understanding that define how the funds must be invested and distributed.

1. Significant accounting policies:

These financial statements have been prepared in accordance with Canadian generally accepted accounting principles applied within the framework of the significant accounting policies summarized below:

(a) Revenue recognition:

OTF follows the deferral method of accounting for contributions, which include government funding. Unrestricted contributions are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured. Externally restricted contributions are deferred and recognized as revenue in the year in which the related expenses are incurred.

Investment income is recorded on the accrual basis.

(b) Financial instruments:

Short-term investments, being treasury bills, bankers' acceptances and bonds, are classified as held-for-trading investments. Short-term investments are carried at fair value as determined at the fiscal year end based on market values for the debt securities.

Transaction costs that are directly attributable to the acquisition of investments are not considered significant and are expensed when paid.

Investment purchase and sale transactions are accounted for on the settlement date.

Cash consists of cash on hand and in banks.

1. Significant accounting policies (continued):

Accounts payable and accrued liabilities and grants payable are classified as other financial liabilities and measured at amortized cost.

In accordance with the Accounting Standards Board's decision to exempt not-for-profit organizations from the disclosure requirements with respect to financial instruments contained within The Canadian Institute of Chartered Accountants' Handbook Section 3862, Financial Instruments - Disclosures, and Section 3863, Financial Instruments - Presentation, the Foundation has elected not to adopt these standards in its financial statements.

(c) Grants:

Grants are recorded as expenses in the year that the Foundation approves the grant.

(d) Allocation of support services expenses:

The Foundation classifies expenses on the statement of operations by function. The Foundation allocates certain costs by identifying the appropriate basis of allocating and applying that basis consistently each year. The Foundation allocates its support services expenses proportionately on a per capita basis.

(e) Capital assets:

Capital assets are recorded at cost less accumulated amortization. Amortization is provided on a straight-line basis over the following periods:

Furniture and fixtures	5 years
Computer hardware	3 years
Computer software	3 years
Leasehold improvements	Over term of lease

1. Significant accounting policies (continued):

(f) Use of estimates:

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the year. Actual results could differ from those estimates.

2. Investments:

Investments, at fair value, are as follows:

	2011	2010
Treasury bills	$ 38,052,170	$ 66,415,789
Bankers' acceptances	56,894,430	15,058,896
Bonds	29,902,378	35,467,911
	$ 124,848,978	$ 116,942,596

All investments are in fixed income securities and mature within the next five months (2010 - six months). These investments bear interest from 0.9% to 1.2% (2010 - 0.2% to 0.5%). Investment in bonds includes bonds issued by the provincial government of Quebec.

The Ontario Financing Authority acts as OTF's investment manager under an investment management agreement that adheres to OTF's policies and procedures governing risk and also includes additional risk concern measures.

Risk management relates to the understanding and active management of risks associated with all areas of the business and the associated operating environment. Investments are primarily exposed to interest rate, credit and market risks. OTF has formal policies and procedures in place to address these risks.

2. Investments (continued):

Interest rate risk arises from the possibility that changes in interest rates will affect the value of fixed income securities held by OTF. The Foundation manages this risk by holding debt issued by the Government of Canada and large Canadian banks, and by staggering the terms of the securities held.

Credit risk arises from the non-performance by counterparties to the investments. This risk is minimized by dealing only with creditworthy counterparties.

Market risk arises as a result of trading fixed income securities. Fluctuations in the market expose OTF to a risk of loss. The Foundation mitigates this risk through controls to monitor and limit concentration levels.

3. Capital assets:

	Cost	Accumulated amortization	2011 Net book value	2010 Net book value
Furniture and fixtures	$ 809,812	$ 756,300	$ 53,512	$ 82,231
Computer hardware	1,175,783	980,572	195,211	165,312
Computer software	960,771	730,372	230,399	310,692
Leasehold improvements	1,623,743	1,498,915	124,828	135,186
	$ 4,570,109	$ 3,966,159	$ 603,950	$ 693,421

4. Deferred contributions and grants payable:

(a) Deferred contributions represent funding received from the Ministry that has not yet been pledged as grants or spent on operations. These funds are restricted until grants are approved by the Board and pledged to third parties or until operating expenditures are made. OTF has controls in place to ensure that the restrictions on grant pledges are met prior to utilization of these funds.

	General operations	Community Capital Fund	2011 Total	2010 Total
Deferred contributions, beginning of year	$ 4,096,629	$ –	$ 4,096,629	$ 3,192,536
Funding received:				
Ministry of Tourism and Culture:				
Annual core allocation	120,000,000	–	120,000,000	120,000,000
Special projects	225,000	3,950,000	4,175,000	–
Ministry of Citizenship and Immigration	100,000	–	100,000	180,000
	120,325,000	3,950,000	124,275,000	120,180,000
Investment income recorded as revenue	1,355,443	–	1,355,443	660,802
Grants pledged	(108,336,200)	(3,472,200)	(111,808,400)	(108,528,300)
Grantmaking expenses	(10,935,544)	(305,772)	(11,241,316)	(11,178,398)
Support services and amortization	(1,615,490)	–	(1,615,490)	(1,433,410)
Services to the community	(642,972)	–	(642,972)	(580,049)
Grants rescinded or recovered	1,421,709	72,500	1,494,209	1,783,448
Amounts recognized as Ontario government funding	(118,753,054)	(3,705,472)	(122,458,526)	(119,275,907)
Change during the year	1,571,946	244,528	1,816,474	904,093
Deferred contributions, end of year	$ 5,668,575	$ 244,528	$ 5,9 ,103	$ 4,096,629

4. Deferred contributions and grants payable (continued):

(b) Once OTF pledges grants for distribution, the grants are recorded as grants payable. Grants pledged and not yet distributed are payable, subject to the receipt of funds by OTF and to certain performance conditions placed on the recipients. The continuity of grants payable is as follows:

	2011	2010
Grants pledged	$ 111,808,400	$ 108,528,300
Grants rescinded	(880,693)	(1,229,100)
Grants paid	(104,863,307)	(100,051,600)
	6,064,400	7,247,600
Grants payable, beginning of year	111,282,906	104,035,306
Grants payable, end of year	$ 117,347,306	$ 111,282,906

Grants are payable to various organizations in the fiscal years ending March 31 as follows:

2012	$ 80,649,606
2013	27,679,000
2014	7,452,900
2015	1,325,600
2016	240,200
	$ 117,347,306

5. Allocation of expenses:

The Foundation allocates certain of its support services expenses based on the proportion of the total staff directly involved with grantmaking and services to the community. The following percentages were used to calculate the allocation: grantmaking, 71% (2010 - 72%) and services to the community, 4% (2010 - 3%).

Support services reported in the statement of operations of $1,127,825 (2010 - $1,041,395) are reported after allocation of $3,121,993 (2010 - $3,052,498) to grantmaking expenses and $153,969 (2010 - $113,195) to services to the community.

6. Services to the community:

Services to the community are charitable activities other than grants, such as convening, knowledge sharing and technical assistance to community organizations.

7. Commitments:

Future minimum annual rental payments for premises under operating leases are as follows:

2012	$ 690,305
2013	1,121,569
2014	1,149,930
2015	1,153,144
2016	1,103,286
Thereafter	6,962,785
	$ 12,181,019

In relation to these leases, OTF has agreed to indemnify the landlord against losses occurring on the lease premises which may arise out of a breach of the lease agreement.

OTF plans to move its head office premises and has signed a new lease that extends to September 2021.

8. Indemnification of officers and directors:

OTF has indemnified its past, present and future directors, officers, employees and volunteers against expenses (including legal expenses), judgements, and any amount actually or reasonably incurred by them in connection with any action, suit or proceeding in which the directors are sued as a result of their service, if they acted honestly and in good faith with a view to the best interests of OTF. The nature of the indemnity prevents OTF from reasonably estimating the maximum exposure. OTF has purchased directors' and officers' liability insurance with respect to this indemnification.

9. Financial instruments:

The carrying values of cash, accounts payable and accrued liabilities and grants payable approximate their fair values due to the relatively short periods to maturity of these financial instruments or because they are receivable or payable on demand.

The fair value of investments and related risks are disclosed in note 2.

10. Early lease termination:

On September 27, 2010, the Foundation signed a lease amending agreement with its landlord to terminate their head office lease eight months earlier than the date set out in its existing lease. The landlord has agreed to pay OTF $350,300, which includes three months free rent, at or before June 30, 2011, the end of the lease. This amount has been recorded as a receivable and deferred lease liability as of year end.

There is a change in estimate in the calculation of leasehold amortization due to the reduced lease term. This change resulted in an additional $38,039 recognized as amortization in the current year.

11. Community Capital Fund:

On August 27, 2010, the Foundation signed an agreement with the Ministry to administer the Community Capital Fund to provide grants for specific infrastructure projects that support Ontario government priorities and help to revitalize community-based infrastructure by directing funding towards capital assets.

The total funding to be received from the Ministry is $50,000,000 and the project is scheduled to be completed March 31, 2013.

During the year, $3,950,000 was received from the Ministry, of which $3,472,200 is included in grants pledged.

12. Subsequent event:

On April 12, 2011, the Foundation has entered into a new lease agreement with 800 Bay Street Inc. for the rental of office premises over a 10-year term effective October 1, 2011 and expiring on September 30, 2021.
